*"Design is made visual." — Saul Bass*

## PROFESSIONAL PROFILE

A multidisciplinary creative and technology professional who bridges visual storytelling, software engineering, and learning & development. Expert in transforming complex ideas into compelling design and digital solutions across print, web, and training environments. Brings a rare combination of creative direction, full-stack engineering, and instructional design — delivering outcomes that are visually powerful, technically sound, and strategically aligned with organizational goals.

## SKILLS & COMPETENCIES

### Design & Creative

- Adobe Illustrator / Photoshop / InDesign
- CorelDRAW / Acrobat
- Pre-press / DTP / CTP Production
- Brand Campaigns & Campaign Rollout
- Typography, Infographics & Layout
- Reprographics & Concept Development
- Photography & Quality Control
- Visual Communication & Art Direction

### Software Engineering

- HTML5 / CSS3 / JavaScript / React
- Python / Flask / SQLite
- Tailwinds / REST APIs / Git
- Full-Stack Web Development
- UI/UX Design & Prototyping
- E-Learning Systems & Database Design

### Learning & Development

- Instructional Design & Content Development
- Digital Learning Material Production
- Script Writing for AV & e-Learning
- Visual Training Materials & Manuals
- LMS Administration & Support
- Cross-functional Training Facilitation

## WORK EXPERIENCE

### Digital Learning & Creative Designer

2025 – Present

Pridelnn Hotel, Resorts & Camps | L&D Department

- Design and develop digital learning materials, e-learning content, and staff training resources across hotel, resort, and camp properties.
- Build and maintain internal digital tools and learning systems using HTML, CSS, JavaScript, and Python to support L&D delivery.
- Create visual assets — infographics, branded presentations, and training collateral — aligned with Pridelnn brand identity.
- Translate training needs identified with departmental heads into structured, creative, and measurable learning solutions.
- Produce script-driven audio-visual content for onboarding programmed and continuous professional development.
- Apply UX principles to improve learner experience across digital training platforms and internal communications.

---

## DTP / Creative Designer

Jan 2023 – Dec 2024

Polyflex Natal Limited | South Africa

- Led ideation, conceptualization, and visual communication across all brand and marketing media.
- Directed and managed the creative team; wrote scripts for TV & Radio campaigns; engaged with external stakeholders within budget.
- Managed layouts for The City Review Newspaper; oversaw art studio operations end-to-end.
- Handled all pre-press: Stripping, Imposition, and CTP production; preparation and filing of final artworks.

**Key Clients:** Zain, Pacific Petroleum, Trinity Energy, Medi Blue Laboratories, Linku Pay, Links Forex & Risk Media, Raptor Security, Exicom Security

---

## Creative Designer

Dec 2021 – Dec 2022

PrintKnight Advertising | Nairobi, Kenya

- Conceptualized and led brand campaigns; managed studio traffic and supervised the design team.
- Image editing, artworks preparation, and layout design for annual reports, calendars, and corporate collateral.
- Photography direction and quality control across all client deliverables.

**Key Clients:** Stanbic Bank, Business Daily, AquaFresh/GSK, Toyota Kenya, Kenya Vision 2030, KICC, Liberty Insurance, FEP Group

---

## Graphic Designer

Feb 2021 – Dec 2021

Color Labels | Nairobi, Kenya

- Lead designer on Sprite across East, Central & Southern Africa; one of the main designers on BAT pan-African campaigns.
- Conceptualization, campaign rollout, final artworks production, and external supplier file management.

**Key Clients:** BAT, Sprite, Coca-Cola, Brand Kenya, Resolution Health, Housing Finance, Airtel, PSI, KTB

---
